Tuam Cancer Care CLG

Chairperson's statement

Dear friends,

This address relates to the financial year from May 2019 until April 2020. We will reflect in a moment on the year that was but it would be very remiss of me to fail to address the world we now find ourselves in. The Covid-19 pandemic has had a huge effect on the entire world and Tuam Cancer Care has not been left unscathed. It is testament to my fellow board members, volunteers, therapists, facilitators and employees that we have been able to provide the level of support that we have since the shock of having to physically close the Centre on March 16th. None of us know what the future holds but rest assured that we in Tuam Cancer Care continue to fulfil the mission of the organisation to the best of our ability while keeping everyone safe and adhering to guidelines.

In this financial year Tuam Cancer Care was the first cancer support centre to host a "Look Good, Feel Better" workshop. This popular workshop is now a regular feature on our support services timetable.

We were honoured to host a practical workshop from Maeve Gacquin, Dietician at the Galway Clinic on "Diet & Cancer".

We were delighted to be represented on the NCCP (National Cancer Control Programme) Working Group on "Standards in Cancer Support Centres".

Our Board completed a lot of work to ensure we are fully compliant with the new Governance requirements for charities. I would particularly like to thank Board member Derek Mitchell for taking responsibility for this aspect.

Hewlett Packard Galway had kindly taken ourselves and Blood Bikes West on as their charities of the year. We enjoyed meeting some of the team at the launch event in February. As with most of our fundraising since March this programme has not gained the momentum we would have hoped for. Regardless we are very grateful to Nora Colombani of ISS for nominating us, and for being the driving force behind this endeavour.

Our appreciation for, and commitment to our Support Volunteers was demonstrated by organising a "Health & Wellbeing" day for volunteers in the SCCUL Sanctuary in Clarenbridge. We don't get to see our volunteers much at the moment and we look forward to the day that we can welcome them back with open arms. For now we must ensure the safety of our clients, volunteers, therapists, facilitators and employees while providing as wide a support service as possible to our clients. We remain committed to our mission of providing emotional, psychological and practical support to people with a cancer diagnosis and to their families. Thank you for your ongoing support while we navigate these strange waters together.

Kind regards and stay safe.

Tom Jinks
Chairperson

14 September 2020

Tuam Cancer Care CLG

Directors/trustees report

The directors/trustees present their annual report and the audited financial statements of the company for the financial year ended 30 April 2020.

Directors

The names of the persons who at any time during the financial year were directors/trustees of the company are as follows:

Tom Jinks
Patricia Wynne
Daniel Hardiman
Violet Powell
Sean Carter
Frank Byrnes
Derek Mitchell
Valerie McGrath
Fiona Zita Fitzpatrick

Reference and administrative details

The organisation is a charitable company with a registered office at Cricket Court, Dunmore Road, Co. Galway. The Charity trades under the name Tuam Cancer Care. The companies registered number is 307967. The charity has been granted charitable tax status under Sections 207 and 208 of the Taxes Consolidation Act 1997 under number CHY13826 and is registered with the Charities Regulatory Authority under number 20044046. The charity had a total of 9 directors/trustees at 30 April 2020.

Principal activities

The charity has 9 directors/trustees who meet on a quarterly basis and are responsible for the strategic direction of the charity. The charity is ran on a day-to-day basis by the general manager who is responsible for ensuring that the charity meets its long and short term aims and the day-to-day operations run smoothly.

The activities of the company consist of the provision of psycho-social, emotional and practical support to people diagnosed with cancer and their families.

The mains areas of the company's charitable activity are:

- the provision of Drop-In centre where people can access support without an appointment
- the provision of psycho-social support including counselling, complementary therapies and programmes proven to have a beneficial effect on people affected by a cancer diagnosis
- the provision of workshops open to the general public on a range of topics related to cancer
- the provision of an information and resource library

The Company had approximately 200 active clients in the year which acts as evidence how the charity fulfils its objectives. All services are provided free of charge and confidentiality is assured.

Tuam Cancer Care CLG

Directors/trustees report (continued)

Development and performance

Against the backdrop of limited resources and insecurities over funding, it has continued to be difficult to plan or develop services. Despite the aid of sound financial management and the generous support of the local community, volunteers and staff, the company recorded an overall deficit for the year of €20,037 (2019 - deficit of €36,406) and had net cash outflows from the company of €12,300 (2019 - net cash outflows of €30,521).

The principal source of funding for the charity are events organised in the community for the benefit of Tuam Cancer Care together with the generosity of the general public with donations. The company also receives some grant funding, mainly from the Irish Cancer Society. Grants of €23,390 were received in the current year, €15,390 of which came from the Irish Cancer Society.

Covid-19 pandemic

In the first half of 2020, the outbreak of Covid-19 spread throughout Asia, Europe and Worldwide. The initial impact of this has been severe and has resulted in a significant worldwide slowdown in economic activity. In Ireland, the economic impact of this pandemic has been characterised by the temporary closure of many businesses in "non-essential" areas to ensure that people's movements are restricted in order to slow down the spread of the virus. The measures taken allowed Ireland to temporarily flatten the curve but cases have recently begun to rise again as the Government continues to open up the economy.

As a result of the Government restrictions, the company closed its doors to the public on 13th March 2020. Immediately, the staff began working from home and moved to remote support of its clients. This continued past the company year end until June, when limited face-to-face services were reintroduced in line with operational guidance from the HSE's National Cancer Control Programme.

Assets and liabilities and financial position

At the end of the year the company had assets of €767,089 (2019: €790,194) and liabilities of €54,287 (2019: €57,355). The total reserves at the year end amounted to €712,802 (2019 - €732,839).

There were no restricted reserves at 30 April 2020.

Reserves policy

The charity needs reserves to:

- ensure the charity can continue to provide a stable service to those who need them;
- meet contractual obligations as they fall due;
- meet unexpected costs;
- provide working capital when funding is paid in arrears;
- meet the costs of winding up in the event that was necessary;
- be adequate to cover 12 months of current expenditure.

Based on this, the directors/trustees are satisfied that it holds sufficient reserves to allow the charity to trade successfully.

Structure, governance and management

The organisation is a charitable company limited by guarantee. The company does not have a share capital and consequently the liability of members is limited, subject to an undertaking by each member to contribute to the net assets or liabilities of the company on winding up such amounts as may be required not exceeding one €1.27. The charity was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its current Constitution and managed by a board of directors/trustees.

Tuam Cancer Care CLG

Directors/trustees report (continued)

Principal risks and uncertainties

The directors/trustees have identified that the key risks and uncertainties the Charity faces relate to the risk of a decrease in the level of donations and the potential increase in compliance requirements in accordance with company, governance, health and safety, taxation and other legislation.

The charity mitigates these risks as follows:

- income is, by its nature, volatile and the company manages this uncertainty by having a separate fundraising committee that is focused on income generation;
- the charity continually monitors the level of activity, prepares and monitors its targets. The charity has a policy of maintaining significant cash reserves and it has also developed a strategic plan which will allow for the diversification of funding and activities; and
- the charity closely monitors emerging changes to regulations and legislation on an on-going basis

Operational/internal control risks are minimised by the implementation of procedures for authorisation of all transactions and projects and the requirements for budgets covering all activities. Procedures are in place to ensure compliance with health and safety of staff, volunteers, clients and visitors to the centre by ensuring all accreditation is up to date.

Reputational risk: In common with many charities, the company's principal risk is reputational damage. Reputation damage could be caused by an event either within or outside the company's control. In order to mitigate this risk the charity continues to adopt best practices including complying with the Code of Practice for Good Governance of Community, Voluntary and Charitable Organisations in Ireland.

Covid-19 pandemic

The effect of Covid-19 presents many risks for the company, the effects of which cannot be fully quantified at the time of approving the financial statements. As a result, the directors/trustees consider the implications of the Covid-19 pandemic to be a significant uncertainty at this time. Critically, the ability of the company to raise income has been severely curtailed as large gatherings for events continue to be prohibited. However, the company has adequate reserves to allow the company continue to operate throughout this period of uncertainty and for the foreseeable future. The directors/trustees will, however, monitor the activities of the company with a view to maintaining existing reserves as much as possible.

Likely future developments

The directors/trustees are not expecting to make any significant changes in the nature of the business in the near future. At the time of approving the financial statements, the company remains exposed to the effects of the Covid-19 pandemic which has had a negative effect on its trading activities since the year end. In planning its future activities, the directors will seek to develop the company's activities whilst managing the effects of the difficult trading period caused by this outbreak.

Dividends

During the financial year the directors/trustees have not paid any dividends or recommended payment of a final dividend.

Events after the end of the reporting period

No significant events affecting the company have occurred since the year end.

Code of Practice for Good Governance of Community, Voluntary and Charitable Organisations in Ireland

We comply with the Governance Code for community, voluntary and charitable organisations in Ireland. Such compliance is reviewed on a regular basis.

Tuam Cancer Care CLG

Directors/trustees report (continued)

Accounting records

The measures taken by the directors/trustees to secure compliance with the requirements of sections 281 to 285 of the Companies Act 2014 with regard to the keeping of accounting records are the implementation of necessary policies and procedures for recording transactions, the employment of competent accounting personnel with appropriate expertise and the provision of adequate resources to the financial function. The accounting records of the company are located at Cricket Court, Dunmore Road, Tuam, Co. Galway.

Relevant audit information

In the case of each of the persons who are directors/trustees at the time this report is approved in accordance with section 332 of Companies Act 2014:

- so far as each director/trustee is aware, there is no relevant audit information of which the company's statutory auditors are unaware, and
- each director/trustee has taken all the steps that he or she ought to have taken as a director/trustee in order to make himself or herself aware of any relevant audit information and to establish that the company's statutory auditors are aware of that information.

This report was approved by the board of directors on 14 September 2020 and signed on behalf of the board by:

Tom Jinks
Director

Patricia Wynne
Director

Tuam Cancer Care CLG

Directors/trustees responsibilities statement

The directors/trustees are responsible for preparing the directors/trustees report and the financial statements in accordance with applicable Irish law and regulations.

Irish company law requires the directors/trustees to prepare financial statements for each financial year. Under the law, the directors/trustees have elected to prepare the financial statements in accordance with the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council. Under company law, the directors/trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the financial year end date and of the surplus or deficit of the company for the financial year and otherwise comply with the Companies Act 2014.

In preparing these financial statements, the directors/trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors/trustees are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and directors/trustees report comply with the Companies Act 2014 and enable the financial statements to be audited. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditor's report to the members of Tuam Cancer Care CLG

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Tuam Cancer Care CLG (the 'company') for the financial year ended 30 April 2020 which comprise the statement of financial activities, statement of income and retained earnings, balance sheet, statement of cash flows and notes to the financial statements, including a summary of significant accounting policies set out in note 3. The financial reporting framework that has been applied in their preparation is Irish law and FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

In our opinion, the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the company as at 30 April 2020 and of its deficit for the financial year then ended;
- have been properly prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been prepared in accordance with the requirements of the Companies Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (Ireland) require us to report to you where:

- the directors'/trustees use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors'/trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other Information

The directors'/trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**Independent auditor's report to the members of
Tuam Cancer Care CLG (continued)**

Opinions on other matters prescribed by the Companies Act 2014

Based solely on the work undertaken in the course of the audit, we report that:

- in our opinion, the information given in the directors'/trustees report is consistent with the financial statements; and
- in our opinion, the directors'/trustees report has been prepared in accordance with applicable legal requirements.

We have obtained all the information and explanations which we consider necessary for the purposes of our audit.

In our opinion the accounting records of the company were sufficient to permit the financial statements to be readily and properly audited, and financial statements are in agreement with the accounting records.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors'/trustees report.

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by sections 305 to 312 of the Act are not made. We have nothing to report in this regard.

Respective responsibilities

Responsibilities of directors for the financial statements

As explained more fully in the directors'/trustees responsibilities statement, the directors/trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors/trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors/trustees are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**Independent auditor's report to the members of
Tuam Cancer Care CLG (continued)**

As part of an audit in accordance with ISAs (Ireland), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors/trustees.
- Conclude on the appropriateness of the directors'/trustees use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Tuam Cancer Care CLG

Notes to the financial statements Financial year ended 30 April 2020

1. General information

The company is a private company limited by guarantee, registered in Ireland. The address of the registered office is Cricket Court, Dunmore Road, Tuam, Co. Galway.

Taxation

The company has charitable status under charity no. 13826.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

3. Accounting policies and measurement bases

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in Euro, which is the functional currency of the entity.

Income

Income represents the total raised by the company through fundraising, donations and other income during the year. The company is not registered for VAT.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer, usually on despatch of the goods; the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Revenue from the rendering of services is measured by reference to the stage of completion of the service transaction at the end of the reporting period provided that the outcome can be reliably estimated. When the outcome cannot be reliably estimated, revenue is recognised only to the extent that expenses recognised are recoverable.

Tuam Cancer Care CLG

Notes to the financial statements (continued) Financial year ended 30 April 2020

Tangible assets

Tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses.

Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in capital and reserves in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Freehold property	- 2%	straight line
Fittings fixtures and equipment	- 10%	straight line

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

Impairment

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

Hire purchase and finance leases

Assets held under finance leases are recognised in the balance sheet as assets and liabilities at the lower of the fair value of the assets and the present value of the minimum lease payments, which is determined at the inception of the lease term. Any initial direct costs of the lease are added to the amount recognised as an asset.

Lease payments are apportioned between the finance charges and reduction of the outstanding lease liability using the effective interest method. Finance charges are allocated to each period so as to produce a constant rate of interest on the remaining balance of the liability.

Tuam Cancer Care CLG

Notes to the financial statements (continued) Financial year ended 30 April 2020

Government grants

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and the grants will be received.

Government grants are recognised using the accrual model and the performance model.

Under the accrual model, government grants relating to revenue are recognised on a systematic basis over the periods in which the company recognises the related costs for which the grant is intended to compensate. Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in income in the period in which it becomes receivable.

Grants relating to assets are recognised in income on a systematic basis over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income and not deducted from the carrying amount of the asset.

Under the performance model, where the grant does not impose specified future performance-related conditions on the recipient, it is recognised in income when the grant proceeds are received or receivable. Where the grant does impose specified future performance-related conditions on the recipient, it is recognised in income only when the performance-related conditions have been met. Where grants received are prior to satisfying the revenue recognition criteria, they are recognised as a liability.

Financial instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

4. Limited by guarantee

The company is limited by guarantee not having a share capital. The liability of each member, in the event of the company being wound up is €1.27.
